
Transmission Mate™ 9.5L Oil Filler
& 21 piece Adaptor Set

Information

- Manual type pressure tank to refill ATF on automatic transmissions without a dipstick.
- Includes:
21 adaptors for most common vehicles.
Tank with 9.5 litre capacity, suitable for most transmissions.

Precautions

- Always wear safety gear.
- Working in a clean and safe environment.
- This task should be carried out by trained personnel.
- Make sure to consult manufacturers manual.
- Do NOT use with air tools.

Instructions

Step 1

Select the correct adaptor.

Step 2

Open the valve and push the oil way control bolt vertically, then push the handle to transmit the oil.

Select the appropriate adaptor

Step 3

If the handle is difficult to push and the ATF of the vehicle is almost full, push the oil way control bolt horizontally for smooth transmission of oil.

Oil control handle
